*Jimtown Store* 9 13374

This is the Happiest Place in Sonoma County (with apologies to Disney). Painted a cheery yellow with dark green trim, this "old fashioned" store is a pleasant trip back to more reasonable times. Sandwiches are creative combinations of local ingredients, ranging from the obscure (prosciutto w/figs, etc.) to the comfortably familiar (PB&J). Shop the collection of classic toys and candies while you wait, or browse through antiques and country-hip housewares. Outdoor patio dining. Wines are by the glass (limited) or by the bottle.
